Prolink series 6

Our new Prolink series 6 was specially developed for applications in the food industry.

Prolink series 6 types are perfect in hygiene sensitive areas when dealing with meat, fish or poultry. They guarantee efficient cleaning cycles and lasting cleanliness.

As a standard all of Prolink series 6 are supplied as HACCP types.

	Materials	Colours	Permeability [%]	C ₁ max. [N/mm]*
LM 50/0 S6	POM PE	B/W B/W	0 0	30/36 20
LM 50/0 NT S6	POM PE	B/W B/W	0 0	30/36 20
LM 50/0 CT S6	POM PE	B/W B/W	0 0	30/36 20
PM 50/0 S6	POM PE	B/W B/W	0 0	30/36 20

Width increments	100, 200, 400 mm
Hinge pins	Hinge pins can be supplied in plastic or stainless steel
